Star Bright
SERVICES

We don't miss a spot!

At Star Bright Services, we know there's more to janitorial services than just a mop hitting the floor. We have been a leader in the commercial cleaning industry in the New York Tri-State area since 1998 by our continual commitment to the highest of standards and emphasizing emerging technologies.

Environmental concerns and new technologies have taken commercial cleaning services to a new level, especially when it comes to incorporating **GREEN PRODUCTS**. With the combination of today's technology and more than a decade of innovative experience, we're able to offer a full range of solutions based on your individual needs – at one site or for multiple locations within the Tri-State area.

As a valued Star Bright Services' customer, you will be assigned a personal account manager who creates a customized program for your facility or office. Our operations team contacts you regularly to ensure your 100% satisfaction with our services. If there are any concerns, they will be addressed at once.

Attracting and keeping clients is the core of your business. Helping you do so with a clean and comfortable environment is ours.
